

- 1 When approaching a 2 lane roundabout to go left, change lanes before entering the roundabout
- 2 Yield to traffic in both lanes of roundabout
- 3 Signal your right turn before exiting. Monitor traffic waiting to enter to be sure they are yielding to you before you pass in front of them.
- 4 Yield to crosswalk users when entering and leaving
- 5 After completing the roundabout, merge back to the right lane or bike lane. No one should change lanes in a roundabout.
- 6 If you are not comfortable, use the sidewalks and crosswalks. Dismount and use pedestrian rules.
